WORK AUTHORIZED

Contractor shall fulfill the following duties and tasks:
Develop Marine Mammal Observation Protocols and provide a Marine Mammal Observer during the Seldovia Harbor renovations.

Nuka Research is authorized to develop a marine mammal observation program and perform daily monitoring activities. Activities will consist of an onsite Observer observing the waters in established safety and harassment zones in and near the Seldovia Harbor and documenting the presence of marine mammals or other species that have been designated as threatened or depleted under the Endangered Species Act of 1973. If any designated animals are present, the observer will notify all parties that operation will be immediately suspended or may not begin. Operation will not resume until the animals have cleared the area.

All work will correspond with harbor renovation activities that begin after September 15, 2014, unless otherwise authorized in writing by the City of Seldovia. Activities will be completed upon the completion of the renovations.
